

## **Editorial**

This is the twelfth issue of the IADIS International Journal on Computer Science and Information Systems (ISSN: 1646-3692).

The IADIS International Journal on Computer Science and Information Systems (IJCSIS) is devoted to fields of Computer Science and Information Systems. More specifically, the Journal focuses on all aspects of Applied Computer Science and Information Systems. The IADIS IJCSIS is a peer-reviewed scientific journal published in an electronic form. The mission of this journal is to publish original contributions in its domain in order to disseminate knowledge amongst its readers and to be a reference publication.

This issue has extended versions of papers from the IADIS Multi Conference on Computer Science and Information Systems (MCCSIS 2010) held in Freiburg, Germany, 26-31 July, 2010 and the IADIS International Conference on Applied Computing 2010 hosted in Timisoara, Romania, during 14-16 October, 2010.

The eleven papers published in this issue of our journal, have been considered outstanding papers by the reviewers' comments and ratings, which lead them to be invited to be submitted in their extended versions.

The Editors,
