

Editorial

This is the sixteenth issue of the IADIS International Journal on Computer Science and Information Systems (ISSN: 1646-3692).

The IADIS International Journal on Computer Science and Information Systems (IJCSIS) is devoted to fields of Computer Science and Information Systems. More specifically, the Journal focuses on all aspects of Applied Computer Science and Information Systems. The IADIS IJCSIS is a peer-reviewed scientific journal published in an electronic form. The mission of this journal is to publish original contributions in its domain in order to disseminate knowledge amongst its readers and to be a reference publication.

This issue has extended versions of papers from the IADIS International Conference on Information Systems 2012 held in Berlin, Germany, during 10 to 12 March, 2012 and the IADIS Multi Conference on Computer Science and Information Systems (MCCSIS 2012) held in Lisbon, Portugal, 17-23 July, 2012.

The thirteen papers published in this issue of our journal, have been considered outstanding papers by the reviewers' comments and ratings, which lead them to be invited to be submitted in their extended versions.

The Editors,

Pedro Isaiás

Marcin Paprzycki
